

Ocean Front Investment Opportunity

Nestled in Matapalo Beach Costa Rica, this beachfront site is immersed in a lush tropical landscape typical of the South Pacific coast.

This 700sqm, 6 Bedroom home offers a luxurious interaction between privacy and communal living. A verdant internal patio, enclosed by walls, stands as a sanctuary, acting as a buffer between the vibrant social spaces and the tranquil bedrooms. Six meticulously designed bedrooms lay behind the social area, each one with its walk-in closet and bath. Two master bedrooms, on the second floor, bestow premium ocean views.

The architecture prioritizes cross-ventilation, making the central patio the heart of the social area,

In Casa Patio, the line between indoor and outdoor living blurs. The integration of green spaces with social areas imparts a perpetual sensation of being outside. A beach-front rooftop, offers lush gardens and a prime views of the sunset.
